
Building A New Future…One Brick at a Time.

Lafayette Fire Company is embarking on a new future, with the start of construction for our new fire station. This venture began a little over five years ago, of finding a safer, efficient, environmentally friendly building to work and respond from.

Now we are looking for kind, caring people who are willing to be a part of this venture with us. “One Brick at a Time”, is one way; outside of our yearly fund drive, used for our normal operating expenses; to assist us in closing in on our Capital Building Funding Goal.

Various sized engraved bricks; either in recognition of your family, in remembrance of a special family event or anniversary, or honoring a loved one who may have passed away; are available to be purchased. They will be set in a place of honor at the new station surrounding the base of our flagpole, with the Stars and Stripes proudly flying above.

THANK YOU, for being a part of our future. Please remember, this gift is not to be considered a part of our normal fund drive. We still need you to do your fair share, so we may meet our daily expenses.

Please fill out the form at the bottom and return with your inscription request and your check to:

Lafayette Fire Company
One Brick at a Time
1836 Lincoln Highway East
Lancaster, PA 17602

Name of requestor:_____

Complete Address:_____
